

Pool Ladder Rules

Eligibility

Everyone that works in the building is eligible to take part.

Ranking

Everyone starts at the bottom of the ladder. As soon as you add your name at the bottom you are in.

Challenging

You may only challenge/accept one challenge per day. Challenges should be made direct to other players. Please respond to challenges as soon as possible to allow for more matches to be played. When challenging, you may only challenge within three positions above or below yourself on the ladder. For example, if you are 8th on the ladder, you may only challenge the 5th, 6th, 7th, 9th, 10th, and 11th place players.

Players must accept the challenge within 3-4 days. If a player fails to respond to a challenge or declines a challenge, they will lose by default. Any player under challenge cannot accept a second challenge until the first challenge is played.

Winning the Match

When a higher seed loses the winner will replace that individual, and the loser moves down one spot. Everyone in between the players will also move down one spot. For example, if player #3 challenges player #1 and wins, then player #3 will take the #1 seed, player #1 will move down to the #2 seed and player #2 be bumped to the #3 seed. If you challenge and lose, no one moves.
